

# Be Involved. Save Lives.

**OUR MISSION IS TO SAVE LIVES** by delivering cures to people diagnosed with life-threatening blood cancers through marrow transplants. But we can't do this important work alone. We work with amazing partners and volunteers like you to help the more than 14,000 patients in need of transplant. **JOIN US!**

**ELIAS**, 7 months old is in need of a new immune system because his does not work leaving him isolated and continuously poked and prodded to keep him stable. He was diagnosed with a very rare immunity disorder called NK Kappa B Essential Modulator Disorder and he needs a **PERFECT 8/8 match** to go to transplant. Currently there is no registered match for him in the world. Could you be his match? Can you help save this little boy's life?

**BE A HERO! REGISTER TODAY!**
